

I am a regular listener of the station KIKO (FM) at 96.5 MHz from the following area/area(s):*/

I received a listenable KIKO signal on my radio from the above location(s) and : I have been a listener since KIKO was on 97.3 which I could hear fine from the above location.. However, my reception of the KIKO signal (now on 96.5 MHz) is now being interfered with by another station signal bleeding over 96.5 MHz. I wish to continue to regularly listen to KIKO at the above location without being subject to interference caused by the interfering signal (96.5, translator K243BN, facility ID 76329).

Other than being a regular listener of KIKO, I am not connected with or employed by the licensee of KIKO. I understand that this statement may be filed with the Federal Communication Commission to protect the KIKO signal and state under penalty of perjury that this statement is true and accurate.
